

# Medication Authorization Forms

## Instructions:

1. Fill out the child's information portion of the form (i.e., name, school year, health history questionnaire, emergency contacts, etc.)
2. Fill out the Allegro Physical/Medication Form Completion Request (separate forms are required for each child)

### Prescription Medication:

- If the medication is not prescribed by an Allegro provider (i.e., your child sees a specialist for their medication), then it is at the provider's discretion whether they will be able to sign the form
- Please indicate whether you would like your child to self-carry and self-administer (at provider's discretion), as well as dosing information

### Over-The-Counter Medication:

- Please contact your school, camp, or program about requirements for over-the-counter medications
- Because we do not keep a record of over-the-counter medication, you **must** include the following details, or provide the packaging, otherwise this may delay completion of the form:
  - The exact name of the medication
  - Dose = quantity & strength (e.g., 2 tablets, 200mg; 1 syringe, 1ml - *not* "1 pill")
  - Type (e.g., pill, liquid, chewable, junior/adult, etc.)
  - Child's current weight
  - Duration of the time medication needs to be given (e.g., school year or field trip)

3. Turn in all completed forms to a Front Desk receptionist

**Please allow 2 business days (excluding weekends & holidays)  
for forms to be completed by the provider**
